

Ex-Penlight

PROVIDES A BRIGHT, PRECISELY DIRECTED BEAM OF LIGHT IN THE EX-AREA WHICH IS PARTICULARLY USEFUL FOR CONDUCTING TESTS IN RESTRICTED SPACES.

The handy ballpoint pen format of the Ex-Penlight makes it ideal for close range illumination in the Ex-area. Regardless of whether it's a poorly lit distribution box or conduit box in a dark corner, this intrinsically safe mini flashlight ensures everything is sufficiently illuminated. It can be carried comfortably in a jacket or shirt pocket and its clip ensures it is held safely and securely in place.
